OF THE

COMMITTEE ON FINANCE.

The Joint Standing Committee on Finance, in conformity with an Ordinance prescribing their duties, "establishing a system of accountability in the expenditures of the city," submit to the City Council their Annual Report of the receipts and expenditures of the financial year ending February 1, 1864.

We have examined the Treasurer's books, and those of the City Clerk, and find that all payments therein recorded are duly authenticated by appropriate vouchers, and that the several items are correctly cast and stated and that the books of these officers have been faithfully kept, and with a system that cannot fail to give satisfaction to the tax payers of the City.

CHIEF ENGINEER'S REPORT.

To His Honor the Mayor and Board of Aldermen of the City of Concord :

GENTLEMEN—In accordance with an Ordinance of the City I hereby submit my Annual Report for the fiscal year ending Feb. 1, 1864.

The following are the number of fires, amount of losses, and insurance, so far as can be ascertained, viz :

Feb. 3.—Fire at the dwelling house of John Albin, of Centre st. Damage to buildings and furniture \$1.500. Insured \$700.

March 29. At workshop of Concord Railroad. Loss \$200. Insured.

April 2. Fire at the Woolen Mill of B. F. & D. Holden, West Concord, Damage to mill and machinery \$15.000. Insured \$11,500.00.

April 13. At the dwelling house owned by Mr. Burgess, on West st. Damage to house and furniture, \$1.000. No insurance.

June —. Slight Fire at the Steam Mill near Horseshoe Pond.

July 2. Fire at Horse Hill, so called, in Ward 1. House, barn and out-buildings, all the farming tools, and about half of the household furniture. Property owned by Edson A. Eastman and his mother. Loss, \$1,500.00. Insured, \$900.00.

July 10. Tannery of Cyrus Robinson & Sons, at East Concord. Loss, \$10,000. Insured, \$9,700.

Soon after the alarm of the above fire, while most of the firemen and apparatus were at East Concord, the City Stable, near the Engine-House, on Warren street, was discovered to be on fire, which was put out by citizens, with the use of "Old Four Engine," which was stored in the building, and the timely return of Engine Co. No. 3. Damage to building, &c., \$350.00. No insurance. This fire was, undoubtedly, the work of an incendiary.

July 20. Fire at East Concord. House and barn of Mr. Fellows. Total loss.

October 2. Fire at Stickney's New Block. Damage to building and stock of goods \$1000. Insured. This fire caught in a box of sawdust, which was used as a spittoon.

Nov. 9. False alarm caused by the improper ringing of a bell for meeting.

Nov. 11. Alarm caused by slight fire at Camp Ground, below West street.

Jan. 2, 1864. Fire at house of R. C. Osgood, on Main street. Loss \$150.00. Insured. No general alarm. Extinguished by the energy of Mrs. Osgood, and the other ladies in the house.

Jan 8. Fire at Dunklee's Block. Tenement occupied by C. P. Allen. Damage to furniture, &c., \$125.00. No insurance. Caught from defect in chimney. No general alarm.

Jan. 9. Fire at East Concord. Saw-mill of J. P. Locke. Loss, \$1200. Insured in part.

Jan. 21, 1864. Fire on Clinton street. House owned by J. S. Noyes, Esq. Damage to house and furniture \$75.00 No insurance on furniture.

The principal losses the past year have been sustained by the Messrs. Holden, of West Concord, and Messrs. Robinson & Sons, of East Concord, but by the energy of the proprietors, both of those establishments have been re-built, in a much enlarged manner, and are now in successful operation.

The fire apparatus is generally in good condition, the ordinary repairs of hose, engine houses, &c., and the re-painting of No. 2 Engine, being all that is deemed necessary at the present time.

The different companies composing the Fire Department have been prompt and efficient, and are deserving of much credit for their ability and zeal.

The Chief Engineer is under renewed obligations to the Board of Assistant Engineers for the timely assistance which they have at all times rendered during the past year.

Respectfully submitted.

The year just closed has been an eventful one to all classes of our citizens, and has brought much extra work and care to the officers of the city.

The prevailing crime in this, as in all other cities, is that of intemperance, and more arrests are made for that offence than any other.

Licentiousness also prevails to a great extent, and has become one of the great sins of the age.

Taking into consideration the exciting scenes of the past year, I think we have reason to congratulate ourselves that our city has enjoyed so much of quiet, and been comparatively free from riotous and lawless proceedings, and that much less of aggravated crimes has been committed than might reasonably have been expected.

Respectfully submitted,

J. L. PICKERING, *City Marshal.*

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

The undersigned, Trustees of the Public Library, submit the following

REPORT:

The Library has enjoyed a good measure of prosperity during the past year. The appropriation made in its favor by the City Government, together with the amount realized from subscriptions, has afforded a sufficiency of means wherewith to purchase the new books indispensably needed, to pay the salary of the Librarian, to re-bind old books, and to make necessary additions to the shelves for the accommodation of the increased number of volumes. It is to be hoped that the City Government will continue to manifest towards this institution the liberality of the past. The Library, as a source of advantage and honor to our city, stands, in importance, alongside with our public schools.

The number of volumes added to the Library by purchase, during the past year has been one hundred and forty-seven—somewhat smaller than in some previous years, by reason of many of the additions being works of standard value, and of considerable price. The whole number of volumes now in the Library is three thousand seven hundred and twenty-five. Donations have been received as follows:—2 volumes from Mrs. J. A. Eames; 2 vols. Public Documents, from Hon. E. H. Rollins; 1 vol. from Lieut. W. F. Goodwin, U. S. A.; 1 vol. from W. H. Kimball.

The number of subscriptions during the year, have been six hundred and sixty-nine, and the number of books taken out by subscribers twenty-eight thousand ninety-eight. These figures show that the Library is used, and serve to illustrate its importance
